

Products

The following products must be used to qualify for a LANmark Class E System warranty:

- Any Nexans LANmark-6 / 6A connectivity and cable products
- Any Nexans LANmark-7 / 7A connectivity and cable products

Applications

Nexans LANmark Class E systems are warranted to support:
Any current or future application designed to be supported by a Class E channel as defined below, including but not limited to:

- 10base-T Ethernet
- 100base-TX Fast Ethernet
- 1000base-T Gigabit Ethernet
- 1000base-TX Gigabit Ethernet
- 155Mbit ATM
- 1200Mbit ATM
- PoE
- PoE+

Applications are only warranted when Nexans LANmark patchcords are used.

Performance

Nexans LANmark Class E systems are guaranteed to exceed the following performance criteria:
Class E Channel & Permanent Link and Category 6 mated component requirements as specified in :

- ISO/IEC 11801 edition 2.2 : 2011

Channel performance is only warranted when Nexans LANmark patchcords are used and these have not been subjected to any damage which can occur due to normal wear & tear.

Duration

LANmark Class E systems are warranted for 25 years from date of issue of warranty certificate.

Exclusions

Exclusions relating to misuse, neglect, accidental damage, abuse and excessive wear and tear apply as detailed in the main Warranty Conditions.
